New York, Dec. 1st 1903.

Dear Sir:

In sending you this catalogue of my first Public Auction of Coins, Medals and Tokens, I do so with the conviction that as you peruse its pages, you will probably find something that you desire. Although this is the first of the PUBLIC AUCTIONS I hope to hold in N. Y. yet my name is probably not unknown to you through the MAIL AUCTION SALES I have held in the past. Before I took up the idea of holding auctions by mail of coins etc, I am constrained to say that the public in general had no confidence in them. FIRST: because in many instances the stuff was very much over catalogued. SECOND: when a bid was sent in, even if it was the highest the bidder was never certain that he would obtain the lot, as in many cases there was an ABSOLUTE RESERVE though not so stated. This prejudice had to be overcome and the splendid record of the WILSON SALE proves that MAIL AUCTION SALES can be and are carried on by me in a fair, honest and impartial manner. I shall continue to hold them from time to time interspersed with PUBLIC AUCTIONS. I hope for the patronage of all persons interested. The fact that I shall carry on sales of Coins etc. by both methods offers to you a grand opportunity for the disposal of any coins that you may have in duplicate or collections entire. If at any time "the spirit moves you" in that direction, a letter will bring you my terms, which I assure you are most moderate. Thanking you for past favors, and hoping for a continuance of same I have the honor to be,

Very truly yours,

GEOFFREY CHARLTON ADAMS
